

# COWARD

## #VERSE

Sometimes the pressure makes a noise so loud  
That success might be screaming my name and it won't count  
Most of the times the villain inside tells me  
I'll only survive if I hide, so mean  
I, like a turtle, get into a shell  
It's the only place safe that does not feel like hell  
But somehow it gets smaller day by day  
And makes me realize that I have lost my way

## #CHORUS

I don't know how to get back on track  
I feel like a wrecking ball destroying all I have  
And the worst of all is that when I look back  
My head calls me coward and I believe that

## #VERSE

Look at all these people reaching their goals  
They struggle with business, but never give up  
I used to be one of them but I lost instead  
Now I'm feeling sorry for myself lying on my bed  
Everybody fights for me, everyone cares  
But somehow since I lost my confidence I got lost as-well  
Don't wanna give up on me, but somehow I already have  
'Cause I can find excuses for everything I lack of

## #CHORUS

Don't know how to get back on track  
(I don't know how to get back)  
I feel like a wrecking ball destroying all I have  
(Destroying all I have)  
And the worst of all is that when I look back  
(Is that when I look back)  
My head calls me coward and I... I believe that  
I don't know how to get back on track  
(I don't know how to get back)  
(I don't know how to get back)  
I feel like a wrecking ball destroying all I have  
(Destroying all I have)  
(Destroying all I have)  
And the worst of all is that when I look back  
(Is that when I look back)  
(Is that when I look back)  
My head calls me coward and I believe that
