

MY PATH

#VERSE

Too many days
I've been crying on my own
Trying to figure out
How I still keep moving on
I don't know how
My life is gonna be
But one thing's for sure
I gotta find the real me

#PRE-CHORUS

They all say, they all say
That I could do anything
But I just wanna know, wanna know
What lies in my deepest dreams

#CHORUS

Seeking for the answer
That one day I will find
'Cause I know someday
Someday I'll find my path

#VERSE

Song after song
But they never portray me
And so I'm torn
Trying to be who I'd like to be
I know it's wrong
To pretend that I am free
I'm on my own
Until I find the real me

#PRE-CHORUS

They all say, they all say
That I could do anything
But I just wanna know, wanna know
What lies in my deepest dreams

#CHORUS

Seeking for the answer
That one day I will find
'Cause I know someday
Someday I'll find my path
I'll find my path

#CHORUS

Seeking for the answer
That one day I will find
'Cause I know someday
Someday I'll find my path
Find my path
