

# ONE LAST TIME

## #INTRO

Uh-uh-uh

## #VERSE

I've never felt so lonely before  
I can't breathe anymore  
And my voice's getting sore  
I don't know what's in store  
And I tried and I tried  
To get you out of my mind  
(ah-ah-ah-ah-ah)  
But seems like my heart found  
The perfect way to die

## #PRE-CHORUS

And I know that you can't stay  
But if I had one last wish, I'd say, oh

## #CHORUS

Would you hold my hand for one last time  
Make me feel like heaven is all mine  
I know you're on your way  
And there's not much more to say  
So please just hold my hand for one last time

## #VERSE

How can the flesh get parted from the bone  
(ah-ah-ah)  
It will hurt deep inside  
You can't make it all right  
Once the break-up is done  
And I cried and I cried  
You said you needed some time  
And left this broken heart  
With not much but a scar

## #PRE-CHORUS

And I know that you can't stay  
But if I had one last wish, I'd say  
(I'd say) oh

## #CHORUS

Would you hold my hand for one last time  
(For one last time)  
Make me feel like heaven is all mine

(Heaven is all mine)  
I know you're on your way  
And there's not much more to say  
So please just hold my hand for one last time  
(Hold my hand)

#### #BRIDGE

Uh, uh, uh-uh, oh  
(I know you're on your way  
There is not much more to say)  
Lada, lada, lada, da-da-da-da, ah  
(Hold my hand for one last time  
Hold my hand for one last time)

#### #CHORUS

I know you're on your way  
And there's not much more to say  
So please just hold my hand for one last time  
(hold my hand for one last time)  
Please just hold my hand for one last time
