

# RAVISHING

## #INTRO

(I don't wanna put pressure on ourselves  
But you and me together  
We could work out well)

## #VERSE

We're in your Place  
It's morning when I wake up by your side  
You tell me how you're happy to be mine  
I see your face, your eyes are kind  
Every little thing, every little thing  
Every little thing, that happens  
Makes me wanna feel your touch

## #CHORUS

With you, I feel so ravishing  
The look you give me makes me  
Feel beautiful  
The way you always tell me  
You love me so  
I don't wanna put pressure on ourselves  
But you and me together  
We could work out well

## #VERSE

The magic starts  
This moment has been written by the stars  
And my heart drops when I realize  
That you can heal all my scars  
Every little thing, every little thing  
Every little thing that happens  
Makes me wanna give you more  
(Ah, give you more)

## #PRE-CHORUS

My heart's beating fast  
Your lips are touching mine  
Our bodies intertwined

## #CHORUS

With you, I feel so ravishing  
The look you give me makes me  
Feel beautiful  
The way you always tell me  
You love me so

I don't wanna put pressure on ourselves  
But you and me together  
We could work out well

#### #BRIDGE

I used to think  
That giving everything could only  
End up with a broken dream  
(End up with a broken dream)  
Then you came along and opened my eyes  
And you became part of my life  
My life (life)

#### #PRE-CHORUS

My heart's beating fast  
Your lips are touching mine  
Our bodies intertwined

#### #CHORUS

With you, I feel so ravishing  
The look you give me makes me  
Feel beautiful  
(I, I, I feel so)  
The way you always tell me  
You love me so  
(ra-ra-ravishing)  
I don't wanna put pressure on ourselves  
(I, I, I feel so)  
But you and me together  
We could work out well  
I don't wanna put pressure on ourselves  
(ah-ah-ah-ah-ah-ah)  
But you and me together  
We could work out well  
(pressure on ourselves)  
(Ravishing)  
The look you give me makes me  
Feel beautiful  
(I, I, I feel so)  
(the look you give me makes me)  
The way you always tell me  
You love me so  
(The way you always tell me)  
(Ra-ra-ravishing)  
I don't wanna put pressure on ourselves  
(I don't wanna put pressure on ourselves)  
(I don't wanna put pressure on ourselves)

But you and me together  
We could work out well  
Ravishing
