#INTRO

(A.N.X.I.E.T.Y - B.I.P.O.L.A.R
A.N.X.I.E.T.Y - B.I.P.O...)

#VERSE

Today's another day when I learn
More about myself
Intrusive thoughts creep up my eyes
And make me wanna cry
I know that I need help to get my
Problems of that shelf
'cause I've been storing them up there
Just messing up my mind

#PRE-CHORUS

But I'm still scared of what might come out
Worried 'cause I know it might be loud
Terrified of what's in store
I know my life won't be the same

#CHORUS

Anymo-o-o-o-ore
So can anybody see right to the
Co-o-o-o-ore
Explain what I no longer can
Igno-o-o-o-ore
'cause crying for help stopped working
When my voice got sore
One thing's for sure
This soul needs to be restored

#HOOK

(A.N.X.I.E.T.Y - B.I.P.O.L.A.R)
Oh, it needs to be restored
(A.N.X.I.E.T.Y - B.I.P.O.L.A.R)

#VERSE

Blank space
I don't know how to fill this empty page
It's like my thoughts have gone to another place
And I don't know if it's the age that keeps me
Acting up on rage, but everything feels like a cage
I feel so helpless
Voice inside my head
Can you talk a little less

#PRE-CHORUS

'Cause I keep on trying to be kind
Would you mind not to remind me
Of the bad things, all combined

#CHORUS

Anymo-o-o-o-ore
So can anybody see right to the
Co-o-o-o-ore
Explain what I no longer can
Igno-o-o-o-ore
'cause crying for help stopped working
When my voice got sore
One thing's for sure
This soul needs to be restored

#BRIDGE

(A.N.X.I.E.T.Y)
I've known you for much longer than my pride
(B.I.P.O.L.A.R)
But I can't leave you, believe me I have tried
(A.N.X.I.E.T.Y)
When I'm with you, it all gets amplified
(B.I.P.O.L.A.R)
Guess we'll keep dating till you're no more in sight

#CHORUS

So can anybody see right to the
Co-o-o-o-ore
Explain what I no longer can
Igno-o-o-o-ore
'cause crying for help stopped working
When my voice got sore
One thing's for sure
This soul needs to be restored
(Keep dating till you're no more in sight)
