

VERSE 1:

Tonight is ladies night, no boys allowed
We'll dance till sunlight, my girls and I
Don't need to hide,
Heads turn around to see us go by
When we're together
Nothing could be better

CHORUS:

We're glamorous! Hands in the clouds
Moving hips from side to side, let's go,
We're having fun, everybody turn your cameras on
Pose, pose, (shot) we're shining bright like stars
That's who we are, who we are

VERSE 2:

This party is for ourselves, let's start the show
We've got our best shoes on, let's make it worth
We know how to shine
We talk the talk, and we can walk the walk
When we're together, nothing could be better

PRE-CHORUS:

My girls are always by my side
My girls are always in my mind
My girls are glamorous, and I am too

CHORUS:

We're glamorous! Hands in the clouds
Moving hips from side to side, let's go,
We're having fun, everybody turn your cameras on
Pose, pose, (shot) we're shining bright like stars
That's who we are, who we are

BRIDGE:

Maybe someday
Life will make us go in different ways
But I know one thing is true
Every time we meet again
We'll find ourselves
'Cause our friendship is true.

PRE-CHORUS:

My girls are always by my side
My girls are always in my mind
My girls are glamorous, and I am too

CHORUS:

We're glamorous! Hands in the clouds
Moving hips from side to side, let's go,
We're having fun, everybody turn your cameras on
Pose, pose, (shot) we're shining bright like stars

That's who we are, who we are

Hands in the clouds

Moving hips from side to side, let's go,

We're having fun, everybody turn your cameras on

Pose, pose, (shot) we're shining bright like stars

That's who we are, who we are
